

CITY UNITED CHURCH

AUTHENTIC | TRANSPARENT | TRANSFORMATIONAL

March 23, 2020

Dear City United Church Family,

Wow! This is certainly a historic time in our country and world. But even in the midst of all the chaos and crisis, I am seeing God work in a big way. God is still working and moving in a powerful way in our world, our nation, our community and our church!

I want to take a minute to let you know that we are still here working to bring the Gospel to you and our communities. I am working on preparing sermons and working with our tech team to make them available at our City United Church Online campus. The worship team is continuing to prepare a worship time for you to continue to worship God in music and song. Our City Kids teachers are also continuing their class lessons online so that your kids can continue to grow in the Lord and still connect with their teachers and friends online. Stay connected online as our groups are creating online groups so they can continue to grow together as well.

I want to continue to serve you by making it as easy as possible for you to continue to worship God through the preaching of God's word, through music, through lessons for the next generations and also through your giving.

Those of you that usually give your tithes and offerings by check, you may continue to do so by using the pre-paid giving envelopes from the church. If you want to continue to utilize this way you can request more envelopes by emailing finance@cityunited.church or you may call the office at (978) 582-4901. Leave a message, and let us know how many envelopes you need and we will get those out to you.

I would like to take this time to encourage you to try our digital giving options. You can go to the church website, www.cityunited.church, continue to the website and click the giving link. By clicking on the Give Today button it will take you directly to our secure online giving platform where you can proceed with your donation. Scrolling down on the website giving page you will find tutorials on how to text-to-give, online giving, and giving on the City United Church mobile app. Please give it a try. Let's see online giving go up. We have already had new online donors this month and you can be the next.

I want to thank you for giving through this ministry here at City United Church. Life change is happening and through your faithfulness more lives will be changed and next steps will be made towards God. Even this weekend with our online gathering we experienced life change happen with people committing to following Jesus for the first time. Your faithfulness in your giving makes you a part of that. Wow!

God is Bigger!

Pastor Gary
