**FINAL Project: Design and implement a live 30 minute volunteer training**

This project shall be worked on throughout the class. You will have regular meetings with your partner(s) and mentor to work on development of topic, outline, etc.

**PURPOSE:** To widen your understanding of different delivery systems for training volunteers.

**The following are the expectations during this Children's Ministry Certification process:**

- KidMinU will meet for Zoom sessions — 7:00 p.m. CST (Mississippi) and 8:00 p.m. EST (New England)
- In the case of emergencies, students can miss up to two (2) online sessions during the class with the understanding that they will have to view the session video and keep up with class assignments.
- Two face to face meetings are REQUIRED: April 13 and August 17
- Assignments will vary in time needed. Throughout the class you will probably need to spend up to 90 minutes per week on assignments. This will include reading articles, writing assignments, meeting with other class members, etc.

Students are responsible for the \$129 course fee and other reading materials and minor supplies needed.
